## **ANOTHER OPPORTUNITY TO MEET PASTOR SARAH**

Pastor Sarah and her family will worship with us on July 8. Pastor Jenny will be preaching, while Pastor Sarah helps to lead worship. After worship there will be a time for visiting with Pastor Sarah, Adam, Caleb and Hannah while also introducing them to our Racine Kringle. There will be a taste test of different Kringles for all to enjoy!

## **PASTOR SARAH STARTS AT COVENANT ON AUGUST 1**

We look forward to welcoming Pastor Sarah in the office on August 1. Her first Sunday with us will be August 5. Her family is moving to Racine in early July, and will spend the month getting settled and having a few family vacations. Pastor Jenny will move to the other office, and Pastor Sarah will have the office close to Kathy Miller.

## PASTOR'S PAGE—THE REV. JENNIFER GLEICHAUF

Dear Covenant,

There is nothing that can show us what we take for granted more than having that thing taken away or broken. **If you've ever broken a bone, you probably know what I'm talking about. I broke my tailbone in college and prior to that I had never given it much thought. Those months of healing though, I'm telling you, I was acutely aware of all my tailbone does each day as it hurt every time I tried to stand/sit/lie down. I don't take my tailbone for granted anymore!**

Over the past month, I have certainly learned how much we all take for granted having a fully functional building! Since the flood of our basement and Sunday School rooms, we have had to learn to be very flexible! **And the good news is, we have been. We've had potlucks in the Gathering Space and Providence Room; groups and committees have met in new places; Kids' Club has used the Providence Room and our Nursery has moved into the empty Pastor's Office. And really, things have gone pretty smoothly – you all are champs! But, boy, will I be glad to get that space back!**

This has caused me to reflect on one of the committees at Covenant that often flies a bit under the radar – our Facilities Committee. In times like these, we can see the obvious hard work of this group as they deal with the aftermath of a big event like a flood. And I hope, and believe, we thank them for all they are doing to get our building back to working order.

In addition, these dedicated individuals do things all the time to make our church building and grounds beautiful, usable, clean and well-maintained. These are the people who trim bushes, change lightbulbs, call the plumber or electrician, fix things that break, take care of the regular maintenance of our boiler and elevator, schedule deep cleaning when needed, get quotes from contractors for work that needs to be done and then see that same work through from beginning to end, and many, many other tasks that may never be noticed by most of us.

In particular, the men who have chaired this committee for more than the past decade – Marv Dickel, Randy Eisel and Steve Wolf, have done a tremendous amount of work - spent countless hours - to make sure our facility is in such excellent shape. As a congregation, we surely owe them a debt of gratitude for their faithful, dedicated, knowledgeable care of this place in which we worship, pray, learn, serve, teach, eat, and grow in faith and friendship.

**Let us strive to never take each others' gifts and talents for granted. It is a joy and privilege to serve in a place with so many gifted, dedicated people. I am grateful God has brought us together so we can put our gifts together for God.**

Blessings,

Pastor Jenny

\*\*Update on the flood repairs –

The asbestos has been removed from Welsh Hall. Expect sometime in mid-July to have the tile all installed and to be able to use Welsh Hall again. We are still working on quotes for the new wall that needs to be installed in the Sunday School classrooms. Thank you again to Randy Eisel and Greg Hanchon who are heading up these projects!

## THE BIOSWALE HAS BEEN PLANTED!

Thank you to all our volunteers for the hard work you did on June 9 to plant over 75 plants in our bioswale. As Pastor Jenny said, many hands made for light work. We finished in less than 2 hours which included all the setup and cleanup. Thank you for making this happen!

This seems like a good time to reflect on this past year since the Caring for Creation Committee met for the first time last July. In just 11 months, we (the committee and the congregation) have accomplished all of this and more:

- ◆ Over 20 people have devoted time and displayed great passion, dedication, and support to this committee during the past 12 months
- ◆ We got approval from Session to become a formal committee
- ◆ We got funding approval for \$4000 for a Compost system and Native Garden
- ◆ We have a beautiful 3-bin Compost System (special thanks to Brian Gleichauf, Bob Dean and Greg Hanchon)
- ◆ We have a 3-shelf Bucket Depot for the exchange of compost buckets (special thanks to Brian Gleichauf and Bob Dean)
- ◆ We have shared information about composting during Sunday School and distributed buckets (special thanks to Brian Gleichauf and Greg Hanchon)
- ◆ We hosted an event on Recycling (special thanks to Will Archer)
- ◆ We purchased reusable and compostable plates and used these along with our flatware to reduce waste during our Supper with Sarah (special thanks to Claudia Grace and Jenny Gleichauf)
- ◆ We have a beautifully planned and designed bioswale garden (special thanks to our resident Master Gardener, Leon Potter, as well as Chuck Albee and Bob Dean for working with Mike Lewis to strip the sod and spread compost)
- ◆ We have a really cool bridge on the south end of the bioswale (special thanks to Chuck Albee)
- ◆ We had a lot of fun planting (special thanks to the Rislers for making lemonade, Sandy Veit for bringing Kringle, and all for working so hard to plant, water, move dirt and mulch, and cleanup).
- ◆ And thank you to our youngest volunteers, Mallory, Jane, Evelyn, and Evie who worked non-stop and did an amazing job!!

**WOW! This is pretty awesome!! And we are not done.... So much more coming in the future!**

**Thanks for helping care for God's creation!**

Note: Please be forgiving if your name was not mentioned specifically. There is so much talent and **many times work gets done "behind-the-scenes"**. **All parts of the body (us) are needed to supply muscle, moral support, ideas, and encouragement.**

— Linda Webster

## RECYCLING PRESENTATION REPORT

On May 31 the Caring for Creation Committee invited Dan Jongetjes to visit Covenant to speak to us about recycling. Dan is from John's Disposal, the company which handles our trash and recycling at Covenant as well as that for many municipalities in the area.

He provided us with an overview of the process by which they handle recycling and also updated us on what can and cannot be recycled. John's and many other recyclers today use what is called "Single Stream Recycling". This means that there is no need for us to sort our recycling. We just put it all together and they do the sorting at their facility. If you missed the presentation there is a video of the separation process on John's website and it is fascinating. Who knew how hi-tech the separation process is? Here is the link/address for the video. <http://www.johnsdisposal.com/site/about/>

Over the next several months Caring for Creation will be working to increase our recycling at Covenant and to help you to increase yours at home. As a beginning, here are a few tips about recycling that you may not know:

- Your home recycling should not be bagged but should be placed straight in the recycling bin
- All large plastic pieces #1 through #7 are recyclable but NO Styrofoam (Plastic flatware and small tags, etc., should not be recycled as they gum up the equipment)
- Plastic bags and other similar soft plastics should not be put in the home recycling.
- Food and pizza boxes are ok as long as they are not covered in food or soggy with oils or other liquids
- Bottle caps do not need to be removed from plastic bottles
- All paper and cardboard is acceptable including glossy magazines.

Hopefully there is something new for you here but if you have recycling questions please feel free to reach out to me and I will try to help. More to follow in the next few months.

— Will Archer

## PHOTOS FOR OUR CHURCH DIRECTORY—SUNDAY, JULY 15

Photos will be taken on July 15, following worship. This is the last date for photos.

Chris Potter sets up before and during worship, so no photos can be taken until after worship.

The photos should include the people in your household (as many as can be with you for the photo) as it goes next to your listing in the directory. (Please see our last directory to get an idea - we do the same thing every 2 years. There are some previous directories out with the CareNotes, Sermons and Tidings on the table in the Gathering Space, and also at the table in the Children and Youth area in the Gathering Space.)

Following worship, Chris will be in the Providence Room. You line up and wait your turn as photos are taken. If you see someone that might need to get to the front of the line (please look out for these folks), let them go ahead of you!!

Also, if your information in the current 2017-2018 Directory needs updated I would like to know. (kmiller@covpres.org or 262-634-4597)

Note: If you are a member or friend who absolutely can't get a new photo taken on one of the 3 Sundays offered, you may send me your photo, or family photo, by email. It is nice, however, to have your photo taken by Chris, as it lends a uniform look to the Directory.

## WEDNESDAY BIBLE STUDY IN JULY JULY 11, 18, 25, 10:30AM—NOON

The Bible Study group will continue to listen to a Richard Rohr CD called "Great Themes of Paul: Life as Participation". *In language that Paul might use if he were preaching and writing today, Rohr presents Paul's all-embracing vision and invites us to enter into the mystery of Christ and be transformed. Rohr breaks new ground by applying up-to-date theories of our universe, integrating them with Paul's revolutionary thinking about sin, saints and spirituality.*

The group will listen to and discuss the lessons. They will not meet on July 4. They will meet the other Wednesdays in July on the 11th, 18th, and 25th, 10:30am—Noon. The July 11th lesson is "Sin and Death: Real Force Fields." No preparation required and drop-ins are encouraged.

### A NURSERY GOODBYE AND WELCOME

July 1 will be our nursery caregiver, Andrea Chuc's, last day at Covenant. Andrea is working on her social work degree and has taken a job at a group home which requires weekend and on call work that make it hard to be here on Sunday mornings. Andrea has been with us for about a year and during that time she has done a wonderful job with our youngest Covenant kids. We will miss Andrea and wish her well.

On July 8, we will have the opportunity to welcome a new nursery caregiver, Linda Greeley. Linda has 3 adult children whom she homeschooled. Since then, Linda has worked in an office and been a nanny. Linda is a warm and kind woman who loves being with children. Stop in and welcome her to the Covenant family sometime in July.

### YOUTH GROUP IN JULY

All Youth invited to go to the new SC Johnson Aquatic Center on Sunday, July 8, from 1:00-4:00pm. If the weather does not cooperate, we'll find something else fun to do!

### NO SUNDAY SCHOOL POTLUCK IN JULY

There will be NO 3<sup>rd</sup> Saturday Sunday School Family Potluck in July. Join us for the VBS Potluck on Saturday July 14. Sunday School potlucks will resume in August.

## SESSION HIGHLIGHTS – JUNE 2018

### BY KATIE MATTESON, CLERK OF SESSION

After taking a break during May, Session reconvened for its June 18 meeting. With a light summer agenda, the elders had a chance to hear informal introductions from Pastor Jenny about topics that Session will consider at future meetings.

- Finding two new Stewardship Committee leaders to work with Linda Webster and Will Archer on the 2018 campaign to fund the 2019 budget. The new leaders would commit to a two-year term in order to partner with a new couple the following year.
- Think about future policies related to Covenant's Foundation.
- Review the church's safety and emergency preparedness policies.

In other business, the elders:

- Approved hiring Linda Greeley as the new nursery care supervisor beginning on July 8 for replacement of Andrea Chuc, who resigned to take a new position related to her college studies.
- Heard a report from Greg Hanchon regarding the progress on the remediation of the flood damage in the lower level. He said asbestos abatement would take place on June 19-21 and tile **replacement will take place during the first week of July. He's anticipating quotes soon for the remaining work to reconstruct a wall in the classroom area.** Options include traditional drywall, folding panels or an accordion wall.
- Approved a school supply drive for the month of August.

The next Session meeting will take place on Monday, July 16 at 6:30 p.m.
